MICROFILM ONLY

INTRODUCTION

Record Group 104 contains the records for the Board of Funeral Directors and Embalmers, consisting of five volumes of meeting minutes for the years 1948-1982. These minutes include information such as inspection reports, lists of applicants for embalming licenses, etc.

These records were loaned for microfilming by Jerry L. Hunt, Board of funeral Directors and embalmers, Division of Regulatory Boards, Department of Commerce and Insurance for the State of Tennessee.

In July 2002, an addition to these records, consisting of two volumes of license records arranged alphabetically, ca. 1909-ca. 1939, for the Tennessee State Board of Embalmers, were loaned to the Tennessee State Library and Archives by Jeff Beary, Knoxville, Tennessee, in July 2002. After filming, the two volumes of records were returned.
